Table B: Achievement Related to Academic Goals

Provide a narrative on progress toward meeting the goals outlined above.

This data was from the fall of the 2021-2022 school year. Usually we would retest students in the spring to look at growth between the scores, but this year due to an unforeseen medical emergency our NWEA testing coordinator was out of the office from February 28th-May 20th. As of May 9th Relevant Academy students have been virtual and NWEA testing has been paused. NWEA testing will resume in the fall (August 22nd of 2022) and growth scores will be recorded.
